### 2024 Taiwan Smart City Summit & Expo Master and ARTC Announce Level 3 E-Bus With Five Major Intelligent Systems

2024 Taiwan Smart City Summit & Expo takes place from March 19<sup>th</sup> to 22<sup>nd</sup> at Taipei Nangang Exhibition Center, Hall 2, with Master Transportation announcing a grand unveiling. Master, in collaboration with ARTC (Automotive Research & Testing Center), has successfully developed the world's first Level 3 autonomous electric bus, set to be officially unveiled in June.

At "Smart City Summit & Expo" on the 1<sup>st</sup> floor, Master presents important information of latest intercity electric bus model and Level 3 autonomous electric buses. Meanwhile, on the 4<sup>th</sup> floor at "2050 Net Zero City Expo," key plans for the "Taoyuan International Airport Terminal 3 People Mover System" are revealed. Besides, Master publicly showcases self-developed 450kW direct-drive central motor used in electric buses for the first time.

### Taipei City Job Expo Master Recruiting Elites to Co-create Future

▲ Organized by Taipei City Employment Service Office, the "Workplace Experience Internship and Job Expo" takes place on March 16<sup>th</sup> at Taipei Expo Park, attracting thousands of attendees. Master also releases various job opportunities for on-site and online recruitment participation.

▲ In 2024 Taiwan Smart City Summit & Expo, Master announces its collaboration with ARTC on Level 3 autonomous electric buses, the Taoyuan International Airport T3 People Mover System, and a self-developed motor.
